ABBREVIATION REFERENCE: AIR = American Indian Reservation; Trust Land = Off-Reservation Trust Land; Home Land = Home Land; OTSA = Oklahoma Tribal Statistical Area; TDSA = Tribal Designated Statistical Area; ANVSA = American Navajo Statistical Area; SDA/ISA = State Designated American Indian Statistical Area; ANRC = American Navajo Reservation Community Designated Place; Minor Civil Div. (MCD) = Minor Civil Division; CCD = Census County Division

FEATURES		
Highway	Highway/Power Line	Stream/Shoreline
Secondary Road	Ridge/Physical Feature	Intermittent Stream
Imp. Strip/Wetway/Entry	Property/Entire Line	River / Lake
Railroad	Nonvisible Boundary	Clearer
	Inset	Out Area

Where international, state, and/or county boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these features.

1. A following a place name indicates that the place is coextensive with a MCD. A " " indicates that the place also is a false MCD; the false MCD name is not shown.

2. A " " following a block number indicates that the block number is repeated elsewhere in the block.

The diagram illustrates the relationship between various data stream types and their boundaries. It is organized into two columns. The left column lists: 'Highway' (with a road icon), 'Secondary Road' (with a road icon), 'Jazz/Trip/Weekend/Party' (with a party icon), and 'Railroad' (with a train icon). The right column lists: 'Pipe/Power Line' (with a pipe icon), 'Ridge/Physical Feature' (with a mountain icon), 'Property/Fence Line' (with a fence icon), and 'Nonlivable Boundary' (with a wall icon). To the right of these are three categories of stream types: 'Stream/Shoaring' (with a river icon), 'Intermittent Stream' (with a dry riverbed icon), and 'River / Lake' (with a lake icon). A red dashed box labeled 'Glacier' is shown below the 'River / Lake' category. At the bottom, a diagram shows a 'Boundary' box containing a 'Placeholder' box, which is connected to an 'Insert' box, which in turn is connected to an 'Out Area' box.

Where international, state, and/or county boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries.

¹ A '*' following a place name indicates that the place is coextensive with a MCD. A '°' indicates that the place is also a false MCD; the false MCD name is not shown.

² A '*' following a block number indicates that the block number is repeated elsewhere in the block.
